Thank you to all the board members for the opportunity of being Captain of the Hollywood Media District Security Team for the past 9 years. This job wasn't just a working environment for me, but it was like a second family. My decision to leave wasn't easy, and I will be forever appreciative that I was part of this BID.

Also I want to thank the board members for being there in times when I lost two of my family members. I will never forget that and thank you. It has been an honor to have been known as Captain of the Hollywood Media District Security Team

Captain J. Irigoyen  
Hollywood Media District
